

APPLICATION NOTES (released)

AN Number	last date	Description
APN1001	7/24/1997	Level detectors, level sensors, tank level monitoring
APN1002	9/4/2002	On the care and feeding of pH probes
APN1003	3/28/2011	Termination of Line Amp cables to 6 and 4 pin Hypertronics connector
APN1004	3/28/2011	On the use of scripts and functions in the MCU database
APN1005	3/28/2011	On the care and feeding of Oxygen Probes (DO probes)
APN1006	7/7/2011	Using the MCU for site security monitoring (note- still in work)
APN1101	3/28/2011	Using Modems with the MCU500
APN1102	1/21/2011	Setting up the Analog IOX input cards for the MCU500 (and the 12714 cards)
APN1103	3/28/2011	Setting up the Digital IOX input cards for the MCU500
APN1104	4/8/2011	Expander Box wiring standard.
APN1105	9/1/2011	Setting up the EIS modem for use as an Ethernet Modem
APN1106	5/20/2012	Using SMS messaging, and Verizon Modems.
APN1107	1/27/2012	MCU Alarms and how to use them.
Chapter_7	1/1/2013	Hardware setup information, MCU500
